SFS Stadler SX Fastener

SX 3-Self-Drill 5/8" O.D Stainless Bond Seal Metal to metal Drill capacity: .047 – .118

Type 304 Stainless Steel

DESCRIPTION

- SX Austenitic stainless fasteners come with either a carbon steel spade point or the Bi-metal welded carbon steel point.
- SX Austenitic stainless product line offers fastening solutions for attaching panels from very thin to over 1/2" structural steel.
- Provides ultimate corrosion performance for attaching steel, stainless or aluminum panels.
- Designed for secured attachment to both panel and substructures.
- Stainless self-drill fasteners are engineered to have low driving torque and provide maximum clamp load.
- Ultimate drill performance in light, medium, and heavy gage applications.
- Washer O.D designed for both sidewall and roof panel attachment.
